UNADILLA/REYCO DIVISION

COMPANY, INC. 6743 KINNE STREET, EAST SYRACUSE, NEW YORK 13067

the WA2ZOT "interFilter" has taken all the power we had:
3600W(PEP) - that's 1800 Watts
RF - key down!

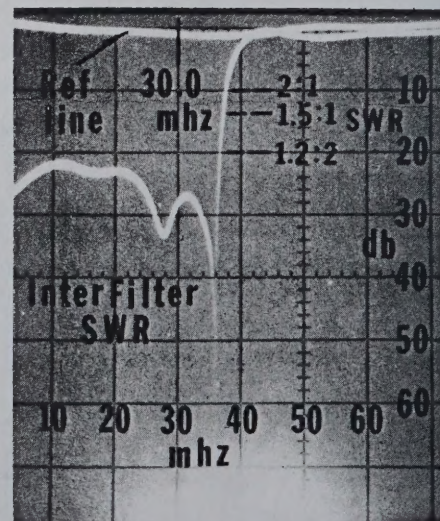

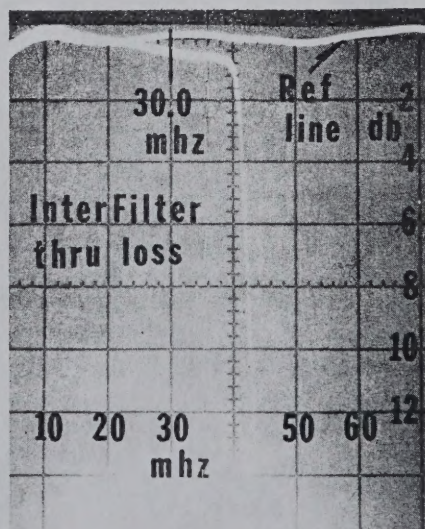

we've designed it to take it mechanically, too: sealed against RF leakage and ingress of dust and moisture.

internal honeycomb construction makes it virtually crush-proof!

we know it will last-that's why we're not afraid to give you a lifetime guarantee - right on the label!

(TV Channel 2) 54mhz
